Gulf Region Education Assistive Technology Conference 2018

When Leadership Comes the Same Path Once Again

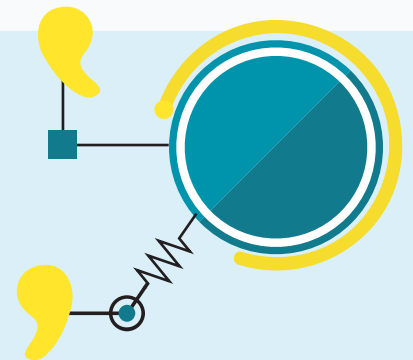

'What a thrilling feeling it is to welcome you again to the second edition of The Gulf Region Education Assistive Technology Conference, GREAT – 2018, a one of a kind event which is already a landmark in the Assistive Technology and Inclusive Computer Technology domains in the whole region!

3 days filled with workshops, keynote speeches, seminars and open dialogues: everything was thought to create an event fully dedicated to what matters most in Assistive Technology and Inclusive Computer Technology for PWDs and elderly. We are thankful to our honorable speakers and guests, wonderful audience, official corporate and organizational supporters and to our whole Mada team who made this possible once again!

Maha Al Mansouri
Organizing Committee Chair

MADA - Building an Inclusive future

We, at Mada, are working to create the inclusive society of tomorrow. Organizing the Gulf Region Education Assistive Technology revolves around this very objective: Assistive Technology in such a way and depth that will improve the lives of many people around us, especially the PwDs.

Aim high in 2018

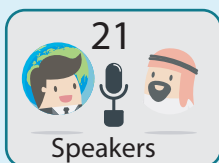

Following the first event held in 2017, the Gulf Region Education Assistive Technology (GREAT) conference will start on the 23rd until the 25th of April in Doha, Qatar, and will cover Education, Independent Living, E-Accessibility, and Innovation, all related to ICT and AT. The conference will also host a dedicated conference stream on Autism, organized in conjunction with the Qatari Autism Society.

About GREAT 2017

Under the High Patronage of Qatar Ministry of Transport and Communications, organized by Mada in association with Ministry of Education and ATIA (Assistive Technology Industry Association, USA), GREAT 2017 aimed to provide a knowledge platform by bringing together teachers, educators, academics and technology and product developers to share their know-how and to initiate new dialogue avenues marked by new discoveries, best practices, strategies and R&D.

SEE YOU AT GREAT 2018!
